Professional Summary

Full Stack Trainer and Developer with over 3 years of experience specializing in Python, Object-Oriented Programming (OOP), and Django-based web development. Skilled in designing scalable backend systems, RESTful APIs, and database-driven applications. Adept at simplifying complex technical concepts and delivering real-world training in full stack technologies including React, Node.js, and MongoDB. Have mentored 1,000+ students across BCA, MCA, and B.Tech programs, with a strong focus on project-based learning. Also run a YouTube channel with 3.9K+ subscribers and 300K+ views, delivering tutorials on Python and web development.

Education

Aligarh Muslim University   **2021 – 2023**
Master of Computer Applications (MCA)   *CGPA: 8.10/10*

Jaipur National University   **2018 – 2021**
Bachelor of Computer Applications (BCA)   *Percentage: 82.40%*

Experience

GirnarSoft Education Services Private Limited   **May 2025 – Present**
Full Stack Developer Trainer   *JECRC University, Jaipur*
- Conducting end-to-end training on MERN Stack and Python-based full stack development for undergraduate and postgraduate students.
- Creating hands-on assignments and project modules that align with real-world development practices.
- Providing mentorship on Git workflows, Agile methodology, and best practices in software engineering.

Zeominds IT Solutions Pvt Ltd   **June 2024 – May 2025**
Full Stack Developer   *Hyderabad*
- Worked on web modules using Django and React for internal tools and admin dashboards.
- Built and connected REST APIs using Django REST Framework.
- Wrote Python scripts and used Django ORM for data handling and CRUD operations.
- Collaborated with the team on debugging, testing, and minor feature enhancements.

Y-Axis Overseas Careers   **Sep 2023 – May 2024**
Computer Instructor   *Hyderabad*
- Delivered structured training in website development and Python programming to a batch of 600+ learners.
- Developed interactive lesson plans integrating Google Workspace tools to enhance learning outcomes.

GoAfli Digital   **July 2022 – Aug 2023**
Frontend Developer   *Remote*
- Developed mobile-friendly and responsive web applications using HTML, CSS, JavaScript, and React.
- Worked closely with design and backend teams to improve user experience and increase engagement and conversions.

Technical Skills

- **Programming Languages:** Python, JavaScript, Java, C++, SQL

- **Web Frameworks:** Django, Django REST Framework, Flask, FastAPI

- **Frontend Technologies:** HTML5, CSS3, Bootstrap 5, Tailwind CSS, React.js, jQuery

- **Databases:** MySQL, PostgreSQL, MongoDB

- **DevOps & Tools:** Git, GitHub, Docker, Jenkins, Kubernetes

- **Additional Skills:** RESTful APIs, JSON, Agile (Scrum/Kanban), Figma, UML

Key Projects

AI-Powered Quiz Generator –
Python, OpenCV, NLTK –
  - Dynamic quizzes with NLP and real-time difficulty adaptation.

Real-Time Mask Detection –
Python, Keras, CNN –
  - Achieved 95% accuracy using optimized CNN on live video feed.

Scalable E-Commerce Platform –
React, Node.js, Express, MongoDB –
  - Handled 10K+ concurrent users and integrated Stripe API.

Certifications Achievements

NareshIT – Full Stack Python Web Development   **Jun 2023**

HackerRank – Python (Basic)   **Oct 2023**
View Certificate –

Red Hat System Administration I (RH134)   **Apr 2021**
View Certificate –
